EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the Specification:

On page 1, below the title of the invention, insert the following as the first paragraph:

-- This application is a 371 of PCT/EP03/09217 filed August 19, 2003. --

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The amendment filed on May 5, 2009 obviates the rejections of the previous office action, including the provisional obviousness-type double patenting rejection over copending application No. 10/597,527, which has been abandoned.

The references of record do not teach or fairly suggest the claimed compound and therefore, the instant claims are deemed to be novel and patentably distinct.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Receipt is acknowledged of the Information Disclosure Statement filed on March 2, 2009 and a copy is enclosed herewith.
